A History of Colonization on the Western Coast of Africa
Univ of California Press
Describes 1500 years of South African history, from pre-colonial times to Nelson Mandela's Presidency.

The Cambridge History of Africa
Princeton University Press
This fourth edition of this best-selling core history textbook offers a richly illustrated, single volume, narrative introduction to African history, from a hugely respected authority in the field. The market-leading range of illustrated material from prior editions is now further improved, featuring not only additional and redrawn maps and a refreshed selection of photographs, but the addition of full colour to make these even more instructive, evocative and attractive. Already hugely popular on introductory African History courses, the book has been widely praised for its engaging and readable style, and is unrivalled in scope, both geographically and chronologically - while many competitors limit themselves to certain regions or eras, Shillington chronicles the entire continent, from prehistory right up to the present day. For this new edition, both content and layout have been thoroughly refreshed and restructured to make this wealth of material easily navigable, and even more appealing to students unfamiliar with the subject. New to this Edition: - Now in full colour with fresh new design - Part structure and part intros added to help navigation - New and improved online resources include a new testbank, interactive timelines, lecturer slides, debates in African history, essay questions and further readings - Revised and updated in light of recent research

The History of Islam in Africa
James Currey
Looks at the history of Africa since 1935 and Africa's relations with other continents during that time period.

A History of South Africa
London : Oxford U.P.
History of the present day areas of Malawi, Zimbabwe and Zambia.

African History: A Very Short Introduction
Cambridge University Press
"This volume covers the period from the end of the Neolithic era to the beginning of the seventh century of our era. This lengthy period includes the civilization of Ancient Egypt, the history of Nubia, Ethiopia, North Africa and the Sahara, as
well as of the other regions of the continent and its islands."—Publisher's description

Reexamines the history of South Africa, traces the development of apartheid, and describes the anti-apartheid movement

There is a paradox about Africa: it remains a subject that attracts considerable attention yet rarely is there a full appreciation of its complexity. African historiography has typically consisted of writing Africa for Europe—instead of writing Africa for itself, as it itself, from its own perspectives. The History of Africa redresses this by letting the perspectives of Africans themselves take center stage. Authoritative and comprehensive, this book provides a wide-ranging history of Africa from earliest prehistory to the present day—using the cultural, social, political, and economic lenses of Africa as instruments to illuminate the ordinary lives of Africans. The result is a fresh survey that includes a wealth of indigenous ideas, African concepts, and traditional outlooks that have escaped the writing of African history in the West. The new edition includes information on the Arab Spring, the rise of FrancAfrica, the presence of the Chinese in Africa, and the birth of South Sudan. The chapters go up to the present day, addressing US President Barack Obama's policies toward Africa. A new companion website provides students and scholars of Africa with access to a wealth of supporting resources for each chapter, including images, video and audio clips, and links to sites for further research. This straightforward, illustrated, and factual text allows the reader to access the major developments, personalities, and events on the African continent. This groundbreaking survey is an indispensable guide to African history.

Cambridge University Press

An updated and comprehensive single-volume history covering all periods from human origins to contemporary African situations.

Iron Age to Independence Cambridge University Press

"During the last decade political independence has profoundly altered the perspective of student of East African history. At the same time, there has been a dramatic increase in our historical knowledge of the region. In this important a substantial volume, eighteen leading scholars have combined to produce an authoritative and up to date assessment of the last two thousand years in East Africa. The book contains an excellent coverage of social and economic developments, and there is also a penetrating discussion of the varied methods of research in use by historians in East Africa."—Back cover

A History of Africa from the Sixteenth to the Eighteenth Century Longman Publishing Group

This edited volume addresses the root causes of Africa's persistent poverty through an investigation of its longue durée history. It interrogates the African past through disease and demography, institutions and governance, African economies and the impact of the export slave trade, colonialism, Africa in the world economy, and culture's influence on accumulation and investment. Several of the chapters take a comparative perspective, placing Africa's developments aside other global patterns. The readership for this book spans from the informed lay reader with an interest in Africa, academics and undergraduate and graduate students, policy makers, and those in the development world.

Ancient Civilizations of Africa Univ of California Press

It is not unusual for Continental and Diaspora Africans to feel Confused and Effaced Whenever they read up on the History of Africa and her People. Non Africans tell me that they feel as if they are reading an incomplete story... This Synoptic History of Africa from Creation to date, decodes the Dominions' Denials, Silences and outright Erasures of Africans from their Continent which causes this Effacement and incompleteness. The Book Challenges the Baptist Migratory Theory, Interrogates the Name of the Continent, Exposes Its People and their Contributions to Civilisation by unveiling the various personalities of Ancient Africa, Iberia, Israel and Arabia at large, as well as the Relationship of these Nations with each other and how they have contributed to Today's African People. The Book further Narrates African Culture, Philosophy and ubuNtu Belief System. Colonialism, its drivers, impact and Legacy on Africa is discussed and South African History is narrated more comprehensively from the 1600s as an example of the evolution of Countries in Africa secondary to this Imperialism. The Author Concludes the book with some suggestions on How Africa can begin to Heal herself, Assert herself in the 4IR and beyond, whilst, Reclaiming her Position amongst the World's Nations as an Equal.

A History of Modern Africa Univ of California Press

Specialists in various aspects of African history and civilization contribute to an integrated portrait of internal and foreign influences on the course of Africa's development.

History of Africa East African Publishers

The first comprehensive and authoritative history of work and labour in Africa; a key text for all working on African Studies and Labour History worldwide.

Africa Since 1935 Pageturner Press and Media

African women's history is a topic as vast as the continent itself, embracing an array of societies in over fifty countries with different geographies, social customs, religions, and historical situations. In African Women: Early History to the 21st Century, Kathleen Sheldon masterfully delivers a comprehensive study of this expansive story from before the time of records to the present day. She provides rich background on descent systems and the roles of women in matrilineal and patrilineal systems. Sheldon's work profiles elite women, as well as those in leadership roles, traders and market women, religious women, slave women, women in resistance movements, and women in politics and development. The rich case studies and biographies in this thorough survey establish a grand narrative about women's roles in the history of Africa.

The History of Africa Cambridge University Press

Presents the important issues in the study of modern Africa such as: Decolonization and the End of Empire; Democracy and the Nation-State; Epidemics in Africa: The Human and Financial Costs; Development: Failure or Success; The African Environment: Origins of a Crisis; and, Return of the Empires.

The Fortunes of Africa University Rochester Press

"Africa has been coveted for its riches ever since the era of the Pharaohs. In past centuries, it was the lure of gold, ivory, and slaves that drew fortune-seekers, merchant-adventurers, and conquerors from afar. In modern times, the focus of attention is on oil, diamonds, and other valuable minerals. Land was another prize. The Romans relied on their colonies in northern Africa for vital grain shipments to feed the population of Rome. Arab invaders followed in their wake, eventually colonizing the entire region. More recently, foreign corporations have acquired huge

tracts of land to secure food supplies needed abroad, just as the Romans did. In this vast and vivid panorama of history, Martin Meredith follows the fortunes of Africa over a period of 5,000 years. With compelling narrative, he traces the rise and fall of ancient kingdoms and empires; the spread of Christianity and Islam; the enduring quest for gold and other riches; the exploits of explorers and missionaries; and the impact of European colonization. He examines, too, the fate of modern African states and concludes with a glimpse of their future. — Back cover.

Offers more than one thousand entries covering all aspects of African history, civilization, and culture.

An Introduction to the History of Central Africa

Cambridge University Press

New edition prepared with the advice and assistance of Atieno Odhiabmo.
